CULVERT INSTALLATION PERMIT

Town of Slaughter
Utility Management Department

Permit Fee $30.00

Date: _____

Property Owner: _____

Address: _____

Location of culvert installation on property:

_____

_____

Length of ditch to be culverted: _____

Attaching to an existing culvert? YES_____ NO_____

Notes/Requirements:

This approval becomes null and void if construction, size or placement violates Town Ordinances. See attached Culvert Ordinance for further specifications.

Landowner is responsible for culvert clean out.

Within ten days of receipt of the application and fee, a representative of the town will determine the type, size, and configuration of the necessary culvert and advise the applicant of the same. Upon completion of the installation call the Town Hall for the town representative to inspect the installation for compliance. Should deficiencies occur, the applicant will correct said deficiencies as soon as possible. If the installation has been done correctly, the town representative will close the permit.

For any questions or to set up an appointment at the property to address specific concerns, please call Slaughter Town Hall 654-4278.

OFFICE USE ONLY

Size of culvert: _____

Direction of flow: _____

_____ _____
